

# ✓ PADPLANIT

- Digital Video Planner User Manual -

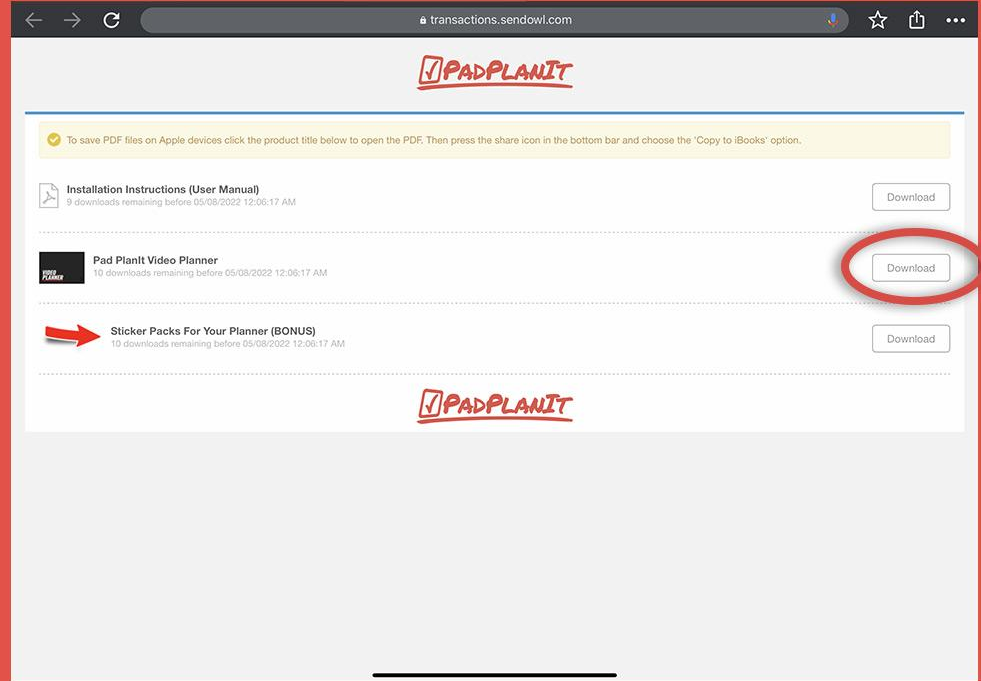

**Thanks for your purchase!** We know you're going to love your Pad PlanIt Video Planner!

In an effort to make things even better, we always appreciate any feedback from our customers. If you have suggestions for making the planner better, please let us know at [support@padplanit.com](mailto:support@padplanit.com)

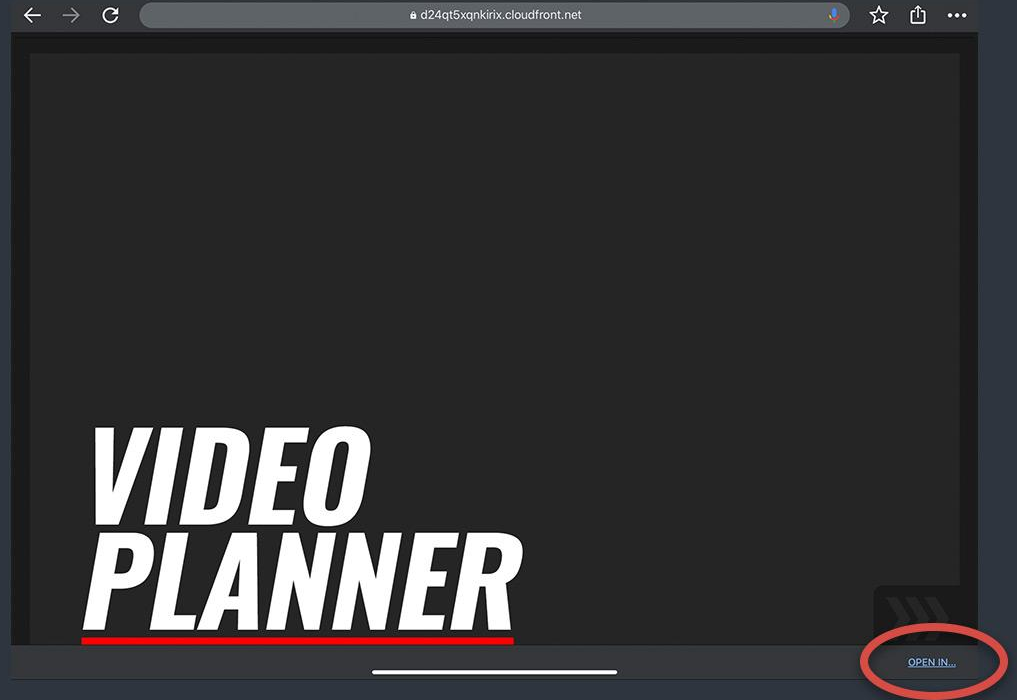

# How to **install** your planner

**Step One:**  
Click on the link in your email and then click on “download” next to the planner to start the process.

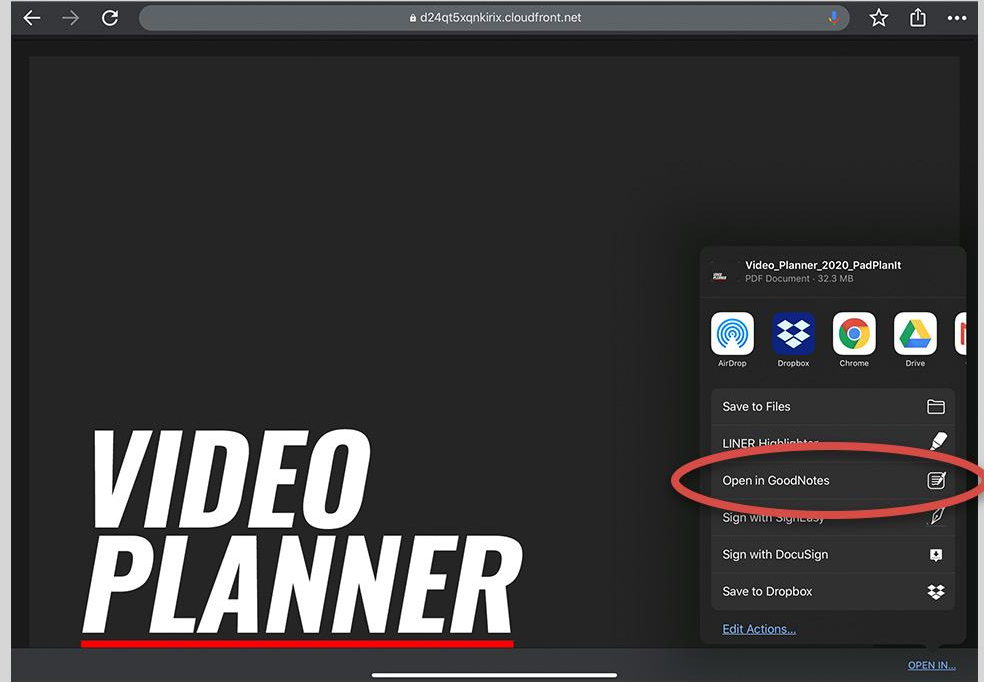

## Step Two:

Tap on "OPEN IN" at the bottom right of the screen.

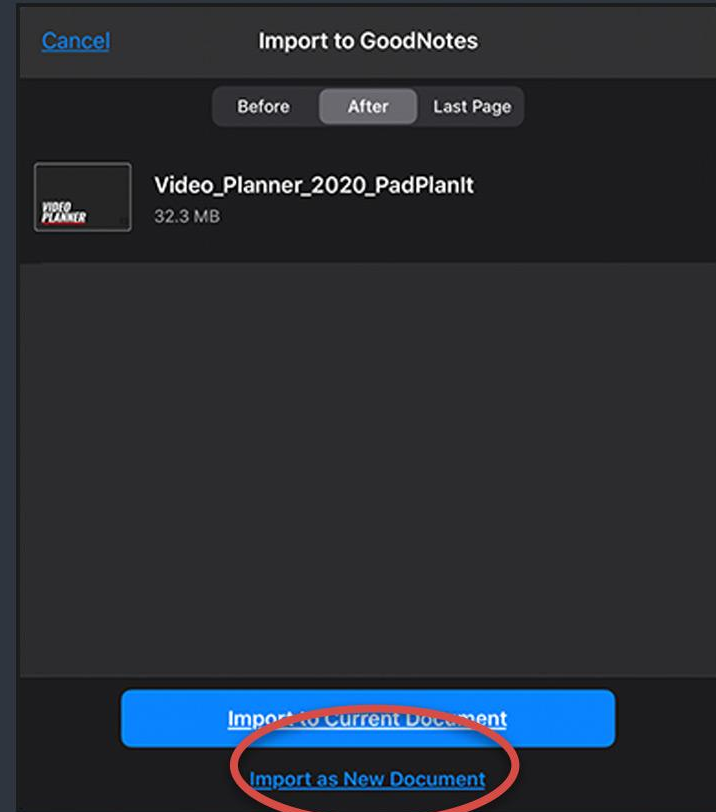

### Step Three:

Tap on “Open in GoodNotes”  
(or the app you’re loading the  
planner into) from the list.

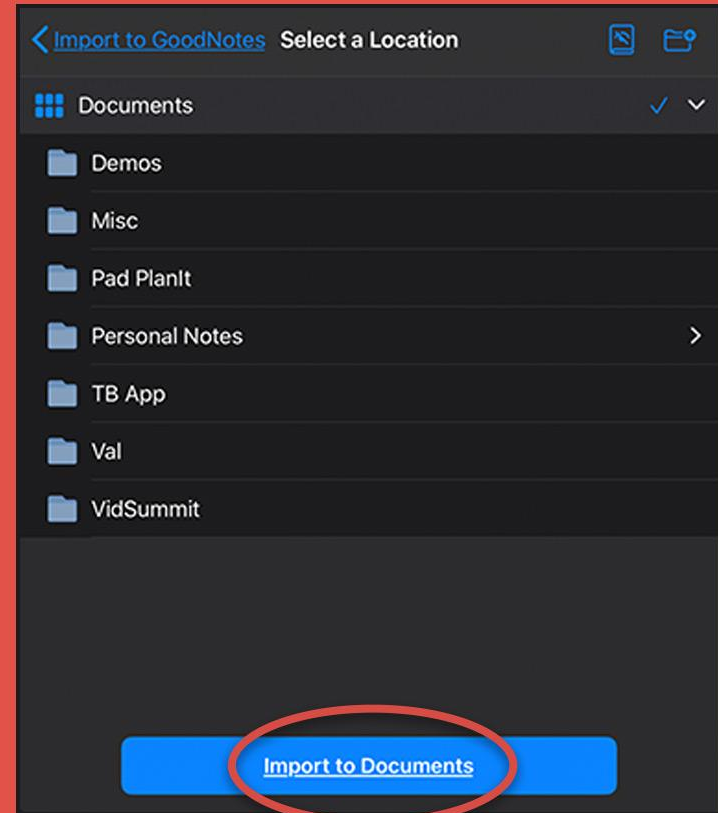

**Step Four:**  
Tap “Import as New Document” in the box that pops up.

## Step Five:

Choose the location in your app folder where you would like to store the planner. Then tap “Import to (folder name)”.

The planner is now installed and ready to use!

That's it! **Happy planning!**
